

Introducing a Special Promotion From Miele.

Buy a G 7881 dental disinfector and get a detergent dispensing system free.

Take the first step in streamlining your infection control center by purchasing a G 7881 dental washer disinfector — and Miele will increase your efficiency by adding a DosG60 liquid dispensing pump for free (**\$780 Value**).

Why liquid dispensing? The DosG60 liquid dispensing pump allows the convenience and accuracy of automatic detergent dispensing — eliminating the need for manual filling of detergent prior to each wash load.

Orders received and shipped from September 1 through December 28, 2012 are eligible for this promotion. (Does not include orders shipped in 2013)
